

## Civil Site Project Manager

---

### About Us

Aulick Engineering is a woman-owned small business that provides engineering design and construction management services for transportation and site related projects. Aulick provides quality professional services to airports, DOTs, municipalities, engineering firms, commercial developers, and private residents around the southeast.

Aulick Engineering offers team members the opportunity to grow at their own pace without being boxed into a typical role. Our closely-knit team will work directly with you to provide a challenging, rewarding, and hands-on experience in all aspects of our work. Team members are given the opportunity to work on numerous aspects of projects where they can be involved from concept design to construction. Aulick Engineering strives to provide a workplace where hard work is recognized and rewarded while still encouraging a healthy work-life balance. Our team members are kind, resourceful, respectful, and trustworthy and we are looking for others who share those values.

### Job Description

We are currently looking for a Civil Site Project Manager who would like to work for a fast-paced, growing, “never a dull moment” small business who meets the qualifications listed below.

### Qualifications

- Bachelor of Science in Civil Engineering
- Georgia Professional Engineer license
- Minimum of 15 years of experience with site development
- Proficient in AutoCAD Civil 3D software
- Proficient in EPD requirements and procedures
- General working knowledge of fundamental engineering principles including surveying, geometric design, hydraulics, grading, construction management, and utility design
- Proficient in Microsoft Office Suite

### Responsibilities

- Manage site plan preparation, permitting, and approval process from start to end
- Manage, delegate workload, and train a team of engineering professionals
- Visit job sites for inspection and evaluation
- Ensure compliance with local, state, and federal jurisdictional requirements
- Construction administration services during construction phase of projects to ensure compliance with plans designed by Aulick Engineering or others
- Manage clients and coordinate between team disciplines
- Develop and monitor project schedule, budget, and design to meet client needs
- Other responsibilities as assigned

## Benefits

- Medical insurance
- Vision and dental insurance
- Healthcare and dependent care flexible spending accounts (HSA and FSA)
- Employer-paid short-term and long-term disability coverage
- Employer-paid life insurance and AD&D insurance
- 401k program with company match
- Paid time off
- Ten paid holidays
- Fitness membership reimbursement
- Flexible hours and work-from-home days
- Company-provided equipment, including laptop and cell phone

## Equal Opportunity Employer

Aulick Engineering is an Equal Employment Opportunity (EEO) employer and welcomes all qualified applicants. Applicants will receive fair and impartial consideration without regard to race, sex, religion, national origin, age, sexual orientation, disability, veteran status, genetic data, or other legally protected status.
