

Civil Engineering Intern

About Us

Aulick Engineering is a woman-owned small business that provides engineering design and construction management services for transportation and site-related projects. Aulick provides quality professional services to airports, DOTs, municipalities, engineering firms, commercial developers, and private residents around the southeast.

Aulick Engineering offers team members the opportunity to grow at their own pace without being boxed into a typical role. Our closely-knit team will work directly with you to provide a challenging, rewarding, and hands-on experience in all aspects of our work. Team members are given the opportunity to work on numerous aspects of projects where they can be involved from concept design to construction. Aulick Engineering strives to provide a workplace where hard work is recognized and rewarded while still encouraging a healthy work-life balance. Our team members are kind, resourceful, respectful, and trustworthy and we are looking for others who share those values.

Job Description

We are currently looking for a Civil Engineering Intern to work in our Atlanta, GA office. The ideal candidate should possess a desire to work for a fast-paced, growing, “never a dull moment” business and meet the qualifications listed below.

Qualifications

- Pursuing a bachelor's degree in Civil or Environmental Engineering, interest in Transportation or Water Resources preferred
- Desire to learn storm drainage design, erosion control, and roadway design
- Experience in AutoCAD and/or MicroStation preferred
- Solid working knowledge of Office 365 products, including Word and Excel
- Excellent attention to detail
- Strong organizational habits
- Self-motivated and excellent teamwork skills
- Must be able to work in our Atlanta, Columbia, or Durham office a minimum of two days per week

Responsibilities

- Prepare engineering drawings using AutoCAD and/or MicroStation software
- Assist engineers with transportation projects, including stormwater design and erosion control plans and details
- Due diligence for local, state, and federal jurisdictional requirements
- Visit job sites to photograph and investigate existing site conditions
- Other responsibilities as assigned

Equal Opportunity Employer

Aulick Engineering is an Equal Employment Opportunity (EEO) employer and welcomes all qualified applicants. Applicants will receive fair and impartial consideration without regard to race, sex, religion, national origin, age, sexual orientation, disability, veteran status, genetic data, or other legally protected status.
