

MS4 Inspector

About Us

Aulick Engineering is a woman-owned small business that provides engineering design and construction management services for transportation and site-related projects. Aulick provides quality professional services to airports, DOTs, municipalities, engineering firms, commercial developers, and private residents around the southeast.

Aulick Engineering offers team members the opportunity to grow at their own pace without being boxed into a typical role. Our closely-knit team will work directly with you to provide challenging, rewarding, and hands-on experience in all aspects of our work. Team members are given the opportunity to work on numerous aspects of projects where they can be involved from concept design to construction. Aulick Engineering strives to provide a workplace where hard work is recognized and rewarded while still encouraging a healthy work-life balance. Our team members are kind, resourceful, respectful, and trustworthy, and we are looking for others who share those values.

Job Description

We are currently looking for an Aviation Construction Inspector. The ideal candidate should possess a desire to work in a fast-paced, growing business and meet the qualifications listed below.

Qualifications

- Associate degree in Construction Management, Civil Engineering Technology, or related field preferred
- 0-5 years of experience in related field required
- MS4 experience preferred
- Be able to lift and move 40 - 50 pound items
- Ability to perform moderate to extensive mathematical calculations, including areas, volumes, and weights
- Basic computer skills and familiarity with Microsoft Office Suite
- Ability to maintain record documentation for projects
- Strong communication skills
- Willing to travel to GA, SC, or NC depending on job assignments
- Possess and maintain a valid driver's license

Qualifications

- Observe and inspect construction work performed by contractors to verify conformance with project documents
- Prepare applicable DOT or other agency paperwork for projects
- Measure quantities

- Coordinate with DOT and other agency personnel
- Prepare photo documentation for MS4 facilities or construction progress

Benefits

- Medical insurance
- Vision and dental insurance
- Healthcare and dependent care flexible spending accounts (HSA and FSA)
- Employer-paid short-term and long-term disability coverage
- Employer-paid life insurance and AD&D insurance
- 401k program with company match
- Paid time off
- Ten (10) paid holidays annually
- Fitness membership reimbursement
- Company-provided equipment, including laptop and cell phone

Equal Opportunity Employer

Aulick Engineering is an Equal Employment Opportunity (EEO) employer and welcomes all qualified applicants. Applicants will receive fair and impartial consideration without regard to race, sex, religion, national origin, age, sexual orientation, disability, veteran status, genetic data, or other legally protected status.
